Jude Biddulph & Sam Hurt - Managing Directors

1 January 2021

Product conformity is of paramount importance. Safety and responsibility for environment begins at the design stage of each product, the specification of materials and components, right through to the production method. We strive to supply you with a safe product and one that conforms to all regulations.

CE Mark Meets EU health, safety & environmental protection directive requirements.

WEEE Waste Electrical & Electronic Equipment Directive reduces the amount of electrical and electronic equipment being produced and encourages reuse and recycling. For the product's after life, please take it to designated collection points, where they will be accepted free of charge.

Alternatively, in some countries return items to your local retailer upon the purchase of an equivalent new product.

RoHS Restriction of Hazardous Substances. Minimises the environmental impact of waste electrical and electronic equipment (WEEE) by reducing the quantities of four heavy metals and two brominated flame retardants. Specifies allowed limits of lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE).

This is not a Toy This product is not intended for children, and has not been classified as a toy.

Recyclable Packaging Made from materials that can easily be recycled if disposed of correctly.

Plastic Recycling Type-3 Please be responsible and recycle any unwanted plastic product or packaging. PVC is a Type-3 plastic. Your local recycling centre will have the capability to recycle this.

Plastic Recycling Type-7 Please be responsible and recycle any unwanted plastic product or packaging. Other plastics such as PC and ABS are Type-7 plastics, common products that use this type of plastic include CD's and lenses for sunglasses. Your local recycling centre will have the capability to recycle this type of plastic.

This product has been tested and conforms to the requirements of the following standards.
